and Built Environment Professionals**

# About ACEZ training courses

## Building Skills. Advancing Practice. Driving Excellence

At the Association of Consulting Engineers of Zambia (ACEZ), we believe that strong technical capacity and sound professional practice are the foundation of quality infrastructure. Our training programmes are designed to equip engineers and professionals in the built environment with practical, industry-tested knowledge that enhances performance and compliance. From contract management to project delivery, sustainability, and leadership, our courses ensure that participants stay aligned with global best practices and emerging trends in engineering.

### Why Train with Us?

As the trusted voice of consulting engineering in Zambia, ACEZ bridges the gap between industry standards and practical knowledge. Our training programmes are made from real project experience, ensuring participants gain skills that drive better outcomes in infrastructure development.

### How we build Capacity

Professional  
training courses

Knowledge-sharing  
forums and dialogue  
sessions

Advisory support to  
the public and  
private sectors

### Your key benefits

We turn learning into action. Our interactive training approach ensures participants leave with techniques, templates, and strategies ready for immediate use in their ongoing assignments.

- ✓ Delivered by industry experts and seasoned practitioners
- ✓ Designed to meet real industry challenges
- ✓ Interactive and practical so that you can apply your learning right away.
- ✓ Course outlines combine theory, case studies & practical exercises

# Ways to learn with us

## Open Training Programmes

For individuals and companies who want to upskill through our scheduled, public sessions.

### Why choose our open courses?:

- ✓ Hands-on and discussion-based with professionals across disciplines and organisations
- ✓ Networking opportunities

### How it works:

- ✓ Browse our training calendar
- ✓ Select your preferred course
- ✓ Register via our website or email
- ✓ Attend at the designated venue

## In-house Training Programmes

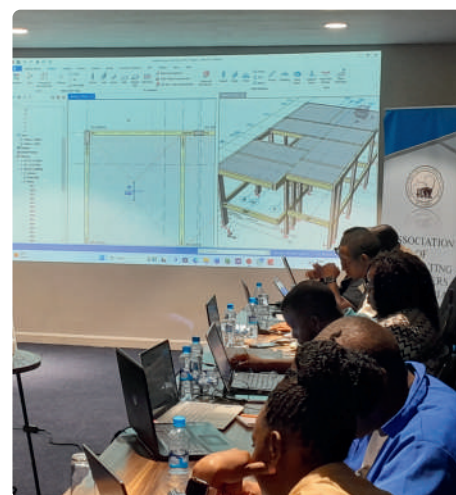

All of our advertised courses are also available in-house. We can bring any of our open courses to you and tailor the content to match your specific organisational skills needs.

### Ideal for:

- ✓ Organisations seeking tailored, relevant learning
- ✓ Teams requiring private, project-specific sessions
- ✓ Institutions aiming to build internal capacity

### What is included:

- ✓ Customised content designed around your objectives
- ✓ Flexible scheduling at your convenience
- ✓ Delivered at your premises or venue arranged by ACEZ
- ✓ Group-based pricing

## Bespoke Training

Training courses designed and created specifically to meet the unique needs, goals, and skill gaps of a particular organization.

### How it is arranged

- ✓ We will consult with you to identify your specific training requirements
- ✓ We will prepare a course outline for you to detail the agreed needs and proposed outline, as well as the costs and terms and conditions
- ✓ We receive official confirmation to proceed with the course and conduct it

# What we provide

Our courses are fully adaptable - we can structure the programme around your needs, whether you prefer us to arrange for the venue or have our trainers come to your location.

## Programme Arrangement

### You will provide/ We can arrange:

- ✓ Venue
- ✓ Teas and Lunch
- ✓ Equipment: Projector/ PA System

### You will receive

- ✓ Training materials
- ✓ Attendance certificate for each participant

# FIDIC Accredited Training and Publications

## Strengthening Professional Practice Through FIDIC Knowledge

As a proud member of the International Federation of Consulting Engineers (FIDIC), and FIDIC Africa, ACEZ is committed to upholding and promoting global standards in consulting engineering and infrastructure delivery. Through our partnership with FIDIC, we offer authorised training courses and official FIDIC publications that equip professionals with world-class knowledge in contract administration, project delivery, and consultancy best practices.

## FIDIC Training Courses

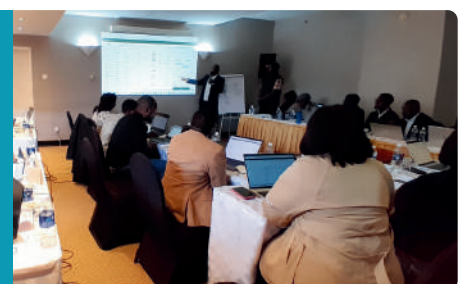

Our FIDIC-accredited training programmes are designed to help participants understand, interpret, and apply the principles of the FIDIC suite of contracts in real project contexts. We have FIDIC certified trainers with vast industry experience that conduct both open and in-house FIDIC training.

### Courses Offered Include:

-  **FIDIC Contracts Introductory Course** - a foundational introduction to the FIDIC Suite of Contracts, offering insight into their structure, application, and guiding principles
-  **FIDIC Contract Management and Administration Course** - an intermediate-level training that equips infrastructure professionals with essential expertise in administering major FIDIC contracts (Red and Yellow Books).
-  **FIDIC Client/ Consultant Model Service Agreements Course – White Book** - this course focuses on contract clauses and the practical use of the White Book for FIDIC contract users who want to deepen their understanding of FIDIC agreements.
-  **FIDIC Short Form of Contract Course - Green Book** - this course provides a practical introduction to the FIDIC Green Book, designed for projects with lower risk profiles and minimal contract administration requirements
-  **FIDIC Claims and Disputes Course** - an intermediate-level course that dives into the principles, processes, and practical management of claims and disputes across FIDIC contracts.

“Our commitment to international accreditation guarantees that the skills you gain reflect the latest global best practices”

## Key Benefits

- 📘 Learn directly from FIDIC-certified trainers and industry practitioners.
- 📘 Gain internationally recognised CPD certificates.
- 📘 Master contract clauses, risk allocation, and best practices for equitable project management.
- 📘 Build confidence in contract interpretation and negotiation.

## FIDIC Publications

ACEZ sells distributor of FIDIC publications in Zambia. Our selection includes the latest editions of the standard forms of contract, guides, and manuals used worldwide in consulting engineering and infrastructure projects.

### Books Available for Purchase:

FIDIC Red Book – Conditions of Contract for Construction (2017 Edition)  
FIDIC Yellow Book – Conditions of Contract for Plant and Design-Build (2017 Edition)  
FIDIC Silver Book – Conditions of Contract for EPC/Turnkey Projects (2017 Edition)  
FIDIC Green Book – Short Form of Contract (2021 Edition)  
FIDIC White Book – Client/Consultant Model Services Agreement (2017 Edition)  
FIDIC Guides and Manuals – Including the FIDIC Contracts Guide and Practice Notes

### Why Buy from ACEZ?

- ✓ Guaranteed authentic publications from FIDIC
- ✓ Local availability – leave the shipping up to us!
- ✓ Access to latest contract updates and reference material

### How to Purchase

- ✓ Email: [info@acez.co.zm](mailto:info@acez.co.zm)
- ✓ Request for your book of choice in either hardcopy or electronic copy, and we will quote you and place your order upon payment.

## Get Your FIDIC Books Today
