

FIDIC NATIONAL LIST

1. REFERRALS

Except in the case of the President's List of Adjudicators, FIDIC will refer any request for adjudicators or experts to a national list. Interested parties would have to make their own choice from the persons listed, based on the information provided. Neither FIDIC nor the Association of Consulting Engineers of Zambia (ACEZ) would recommend or suggest any particular person from the national list.

2. DISCLAIMER

Users should make direct contact with listed adjudicators and undertake a personal assessment of their suitability for the prospective assignment. ACEZ shall not accept responsibility or liability in respect of any services performed by a listee.

3. CRITERIA FOR ADMISSION FIDIC NATIONAL LIST

ACEZ shall use the following criteria in selecting prospective adjudicators on a national list. A candidate should:

- be an employee or a retired employee of an ACEZ member firm
- be a registered ACEZ member as a sole practitioner.
- possess appropriate academic and/or professional qualifications as an engineer or equivalent professional qualifications
- have at least 15 years' experience within a consulting engineering or engineering firm operating within the built and natural environment
- possess substantial knowledge of FIDIC consultant-client agreements and FIDIC works contracts
- possess good interpersonal and communication skills - with the ability to be impartial and objective
- have excellent spoken and written language capabilities in the language of the country
- provide evidence of ongoing commitment to the requirements of a continuing education programme
- be a Zambian national or be a non-Zambian national resident and working in Zambia, with a valid work permit.
- be a fellow of Chartered Institute of Arbitrators (CI Arb) or should have successfully undergone three (3) day FIDIC National Adjudication course elsewhere or be a member of the FIDIC Presidents List.
